WHO IS ACC?

• Animal Care Centers of NYC (ACC) is the largest provider of animal welfare services to NYC

• ACC is a registered 501C(3) not-for-profit organization
  o We have a contract with the City of New York to provide animal related services to all five boroughs
  o Being a separate, 501C(3) allows us to fundraise for programs outside of our city contract such as Community Pets

• ACC is an open admission shelter
  o We do not turn away any animal that comes to our doors

• On average we care for over 20,000 animals annually
  o This equates to 50-60 animals coming in per day

• Our mission is to end animal homelessness in NYC

Books with Boroughbreds
An initiative of ACC's Community Kids program

By reading to animals at the shelter in a calm voice, we hope to make them feel more relaxed. Even though they don’t understand words, they can understand our tone of voice and appreciate our company. When the animals are comfortable with people around them, they’re more likely to get adopted, too!
