INDEPENDENT AUDITOR'S REPORT

Board of Directors Animal Care and Control of New York City, Inc. DBA Animal Care Centers of NYC and Affiliate New York, New York

Opinion

We have audited the accompanying consolidated financial statements of Animal Care and Control of New York City, Inc. DBA Animal Care Centers of NYC (a nonprofit organization) and Affiliate (a limited liability company), which comprise the statement of consolidated financial position as of June 30, 2023, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Animal Care and Control of New York City, Inc. DBA Animal Care Centers of NYC and Affiliate as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of Animal Care and Control of New York City, Inc. DBA Animal Care Centers of NYC and Affiliate and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Animal Care and Control of New York City, Inc. DBA Animal Care Centers of NYC and Affiliate's ability to continue as a going concern within one year after the date the consolidated financials are available to be issued.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT - CONTINUED

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Animal Care and Control of New York City, Inc. DBA Animal Care Centers of NYC and Affiliate's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Animal Care and Control of New York City, Inc. DBA Animal Care Centers of NYC and Affiliate's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Animal Care and Control of New York City, Inc. DBA Animal Care Centers of NYC and Affiliate's June 30, 2022 consolidated financial statements, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated January 25, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

NOTE 1 - NATURE AND PURPOSE OF ORGANIZATION

Founded in 1995, Animal Care and Control of New York City, Inc., DBA Animal Care Centers of NYC ("ACC"), is a non-profit organization with a mission to end animal homelessness in New York City. ACC is a model of a public/private partnership and receives support from the private sector to complement the services it provides pursuant to its 34-year contract with the City of New York and the NYC Department of Health and Mental Hygiene. Under this contract, ACC provides animal related services to over 9 million residents within the five boroughs of New York City. ACC's services to the community include pet adoption, animal rescue, veterinary care including spay/neuter, lost and found pet assistance and surrender prevention programs. With full-service care centers in Brooklyn, Manhattan and Staten Island ACC provides shelter and care for over 20,000 animals every year, and thousands of additional animals throughout the city as part of our community outreach programs. ACC will also open two new, state of the art animal care centers in the boroughs of Queens in 2024 and the Bronx currently estimated for 2025. ACC's mission is premised on community engagement and collaboration as key tools in ending animal homelessness. Through a network of hundreds of animal rescue partners, volunteers, animal fosters, support from local and national businesses and foundations, and a robust community outreach program (including wellness clinics, humane education, pet food pantries and free vaccine clinics), ACC is regarded as a national leader in animal welfare. ACC is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

The contract for services with the city of New York is ACC's primary source of funding for staff salaries and other administrative expenses associated with contract services. Under this public/private funding approach, ACC uses donor contributions primarily for programs and services that are not funded by the city contract in an effort to enhance animal care and further ACC's mission to end animal homelessness in NYC.

1906 Flushing LLC ("1906 Flushing") is a limited liability company that owns property in Ridgewood Queens, New York. In 2019, property development for a full service animal care center in Queens began at the site situated at 1906 Flushing Avenue and construction of a state of the art animal care center is expected to be fully completed in 2024. ACC rents the entire facility from 1906 Flushing LLC in accordance with the terms of the lease agreement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Presentation and Basis of Accounting

ACC's policy is to prepare its consolidated financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Under this method, revenues are recognized in the period in which they are earned. Expenses are recognized in the period in which the related liability is incurred. The consolidated statements of financial position and of activities focus on the Organization as a whole and report total assets, liabilities, net assets and changes in net assets in accordance with the FASB ASC 958-205, Financial Statements of Not-for-Profit Organizations.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of ACC, and its wholly owned subsidiary, 1906 Flushing. Collectively, the aforementioned are referred to as the "Organization" hereafter. All significant intercompany transactions and balances have been eliminated in consolidation.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingencies at the date of the consolidated financial statements and revenues and expenses recognized during the reporting period. Significant estimates made in the preparation of the consolidated financial statements include the net realizable value of contributions and grants receivable, donated use of facilities, accrued expenses, prepaid expenses and functional expense allocations. Actual results could differ from those estimates.

Financial Instruments

The Organization's financial instruments are cash and cash equivalents, municipal bonds, stock and contributions receivable. The recorded values of cash and cash equivalents and contributions receivable approximate fair values based on their short-term nature.

Cash and Cash Equivalents

For purposes of the consolidated statement of cash flows, the Organization considers all highly liquid investments available for current use with an initial maturity of three months or less and time deposit accounts with no withdrawal restrictions other than loss of end of term interest to be cash equivalents. At June 30, 2023 and 2022, there was \$18,859,843 and \$27,503,322, respectively, in restricted cash for the property development of the new Queens Full Service Shelter.

Marketable Securities

Marketable securities are reported at fair value. Unrealized and realized gains and losses are included in the statement of activities. Investment expenses are netted against investment income (loss) in the state of activities.

Contributions Receivable

Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at fair value, which is measured as the present value of their future cash flows. The discounts on these amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as support until conditions are substantially met.

Allowance for Doubtful Accounts

Management determines whether an allowance for doubtful accounts should be provided for accounts receivable. Such estimates are based on management's assessment of the aged basis of its sources, current economic conditions, subsequent receipts and historical information. Accounts receivable are written off against the allowance for doubtful accounts when all reasonable collection efforts have been exhausted. At June 30, 2023 and 2022, management has determined no allowance for doubtful accounts to be necessary.

Medical Supplies, Medications and Products

Medical supplies, medications and products are purchased on an as needed basis and are expensed upon purchase. The dollar value of the supplies on hand at any given time is not material. It is the Organization's decision not to maintain inventory on its consolidated statements of financial position.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

It is the Organization's policy to capitalize property and equipment over \$3,000; lesser amounts are expensed. Fixed assets are recorded at cost. Maintenance and repairs are charged to expenses as incurred; major betterments are capitalized. When items or property and equipment are sold or retired, the related cost and accumulated depreciation is removed from the accounts and any gain or loss is included in the results of operations. Management reviews property and equipment for impairment when events or changes in circumstances indicate that the carrying amounts may not be recoverable. Property and equipment are written off to operations when considered impaired.

Depreciation is provided on the straight-line method over the estimated useful lives of the assets. Amortization of leasehold improvements is provided on the straight-line method over the remaining term of the lease or the useful life of the improvements, whichever is shorter.

Leasehold Improvements39 yearsFurniture and Fixtures7 yearsMachinery and Equipment3 to 7 yearsVehicles7 yearsSoftware3 to 5 years

Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as without donor restriction contributions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent of donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization releases net assets with donor restrictions to net assets without donor restrictions at that time.

Certain property and equipment used by the Organization is owned by New York City under a funding agreement. The Organization is responsible for acquiring items needed in order to run the facility; however, title will not pass to the Organization upon termination of the funding agreement. Therefore, most capital items are expensed within the year that the City funds the purchase.

Construction in Progress

The costs incurred in association with constructing the new Queens Full Service Shelter are included in the consolidated statements of the financial position, construction in progress. Upon completion of the facility, and when the facility is operational and in service, these costs will be reclassified to the appropriate asset class and depreciated according to the asset's useful life.

Net Assets

Net assets of the Organization, and changes therein, are classified and reported as follows:

(1) Net Assets Without Donor Restrictions:

Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets are available for use at the discretion of the Board of Directors and management. The Board can designate a portion of these net assets for specific purposes, which makes them unavailable for use at management's discretion.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets (Continued)

(2) Net Assets With Donor Restrictions:

Net assets subject to stipulations imposed by donors, and grantors. The Organization reports gifts of cash and other assets as revenue with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, the net assets are reclassified as net assets without donor restriction and reported in the consolidated statements of activities as net assets released from restrictions. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity. As of June 30, 2023 and 2022, the Organization did not have any donor-restricted contributions that were perpetual in nature.

Measure of Operations

The consolidated statements of activities reports all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributable to the Organization's ongoing program services. Nonoperating activities are limited to resources that generate return from investments and other activities considered to be of a more unusual or nonrecurring nature. For the years ending June 30, 2023 and 2022, the Organization's nonoperating activities included interest, investment income/(losses) and unrealized gains/(losses). During the years ending June 30, 2023 and 2022, nonoperating activities totaled \$382,655 and \$487,353, respectively.

Revenue Recognition

The Organization recognizes revenue from contributions in accordance with Accounting Standards Update ("ASU") 2018-08, Not-For-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. In accordance with ASU 2018-08, the Organization evaluates whether a transfer of assets is (1) an exchange transaction in which a resource provider is receiving commensurate value in return for the resources transferred or (2) a contribution. If the transfer of assets is determined to be an exchange transaction, the Organization records the transactions as allowable costs are incurred in accordance with ASC 958-605. If the transfer of assets is determined to be a contribution, the Organization evaluates whether the contribution is conditional based upon whether the agreement includes both (1) one or more barriers that must be overcome before the Organization is entitled to the assets transferred and promised and (2) a right of return of assets transferred or a right of release of a promisor's obligation to transfer assets.

The Organization recognizes contributions received and made, including unconditional promises to give, as revenue in the period received or made. Contributions received are reported as either revenues without donor restrictions or revenues with donor restrictions. Contributions with donor restrictions that are used for the purpose specified by the donor in the same year as the contribution is received are recognized as revenues with donor restrictions and are reclassified as net assets released from restrictions in the same year. Promises to give that stipulate conditions to be met before the contributions are made are not recorded until the conditions are met. For the years ended June 30, 2023 and 2022, there were no conditional contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Donated Services

Donated services are recognized as contributions if the services (a) create or enhance non-financial assets or (b) require special skills, and are performed by people with those skills and would otherwise be purchased by the Organization.

A number of volunteers have made a contribution of their time to the Organization to perform a variety of tasks that assist the Organization at the shelter facilities and at fundraising events. The value of this contributed time is not reflected in these consolidated financial statements since it does not meet the criteria for recognition under Financial Accounting Standards Board (FASB) ASC 958. The Organization received approximately 30,890 and 25,717 volunteer hours for the fiscal year ending June 30, 2023 and 2022, respectively.

Functional Allocation of Expenses

The costs of providing program and other activities has been summarized on a functional basis in the consolidated statements of activities. Accordingly, certain costs have been allocated among program services and supporting services benefited. Such allocations are determined by management on an equitable basis.

Advertising Costs

Advertising costs, including donated advertising, are generally charged to operations in the year incurred. For the years ended June 30, 2023 and 2022, total advertising costs were \$12,590 and \$4,302, respectively. Advertising costs are reflected in communications on the consolidated statement of functional expenses.

Loan Acquisition Costs

Loan acquisition costs are amortized on a straight-line method over the life of the underlying debt, which will begin when the asset is put in service.

Pensions and Benefits

The Organization provides a range of benefits to eligible employees, including pensions, 401(k) Savings, and Group Life and Welfare Benefits. The Organization records annual amounts relating to these plans based on calculations, which include various actuarial assumptions such as discount rates, expected rates of return on plan assets, compensation increases, and turnover rates.

Income Taxes

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c) (3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. 1906 Flushing is a single member limited liability company that has elected to be treated as a disregarded entity. As such, 1906 Flushing is not subject to Federal and State income tax, but rather, its income or loss inures to the Organization.

The Organization is subject to routine audits by various federal, state and local taxing authorities; however, there are currently no audits for any tax periods in progress. The Organization believes it is no longer subject to income tax examinations for years prior to 2020.

The consolidated financial statements effect of a tax position taken or expected to be taken are recognized in the consolidated financial statements when it is more likely than not, based on the technical merits, that the position will be sustained upon examination. Interest and penalties, if any, are included in expenses in the consolidated statement of activities. Management does not believe its consolidated financial statements include any uncertain tax positions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassifications

It is the Organization's policy to reclassify, where appropriate, prior year financial statements to conform to the current year presentation.

Comparative Information

The consolidated financial statements include certain 2022 comparative information. With respect to the consolidated statement of activities, such prior year information is not presented by net asset class and, in the consolidated statement of functional expenses, 2022 expenses by natural classification are presented in total rather than by functional category. Accordingly, such information should be read in conjunction with the Organization's 2022 financial statements from which the summarized information was derived.

Change in Accounting Principle - Leases

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842), which requires lease assets and liabilities to be recorded on the consolidated balance sheet. The Organization adopted this ASU and related amendments as of July 1, 2022 under the modified retrospective approach and elected certain practical expedients permitted under the transition guidance, including to retain the historical lease classification as well as relief from reviewing expired or existing contracts to determine if they contain leases. For leases subject to index or rate adjustments, the most current index or rate adjustments were included in the measurement of operating lease obligations at adoption.

The adoption of this ASU and related amendments resulted in operating lease right-of—use assets of \$389,519, operating lease liability and operating lease obligations, current and noncurrent of \$390,319. The Company's Accounting policies as a result of the adoption of this ASU are described below.

For any new or modified lease, the Company, at the inception of the contract, determines whether a contract is or contains a lease. The Organization records right-of-use ("ROU") assets and lease obligations for its finance and operating leases, which are initially recognized based on the discounted future lease payments over the term of the lease. As the rate implicit in the Company's leases is not easily determinable, the Company's applicable incremental borrowing rate is used in calculating the present value of the sum of the lease payments.

Lease term is defined as the non-cancelable period of the lease plus any options to extend or terminate the lease when it is reasonably certain that the Organization will exercise the option. The Organization has elected not to recognize ROU asset and lease obligations for its short-term leases, which are defined as leases with an initial term of twelve months or less.

For a majority of all classes of underlying assets, the Organization has elected to not separate lease from non-lease components. For leases in which the lease and non-lease components have been combined, the variable lease expense includes expenses such as common area maintenance, utilities, and repairs and maintenance.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

NOTE 3 - CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash and cash equivalents in financial institutions, which from time to time may exceed the Federal Depository Insurance Coverage limit. In assessing their risk, the Organization's policy is to maintain funds only with reputable financial institutions and management believes the risk of loss is minimal. At June 30, 2023 and 2022, cash and cash equivalents exceeding federally insured limits totaled approximately \$21,559,000 and \$29,715,000, respectively.

The Organization maintains investment accounts with licensed brokers valued at \$354,624, plus \$23,044 in cash, as of June 30, 2023 and \$255,224, plus \$17,405 in cash, as of June 30, 2022. The cash and the securities in the account are insured by the Securities Investor Protection Corporation ("SIPC") up to \$250,000 and \$500,000, respectively. The broker also carries excess SIPC insurance that insures the net equity of investor accounts. The coverage covers losses of cash or securities from customer accounts if the broker were to fail and be unable to meet its obligations to its customers. The coverage does not cover any losses from changes in the market value of investments. Although created by Congress, SIPC is not a government agency. It is a non-profit membership corporation, which receives its revenue from those brokers and dealers that are required by law to be SIPC members and from its own investments.

For the years ended June 30, 2023 and 2022, the contract with the City of New York accounted for more than 83% of the Organization's revenues.

NOTE 4 - COMMITMENTS AND CONTINGENCIES

The contract with the City of New York is subject to audit by the City (See Note 12).

Certain grants and contracts may be subject to audit by funding sources. Such audits may result in disallowance of costs submitted for reimbursement. Management is of the opinion that such cost disallowances, if any, will not have a material effect on the accompanying consolidated financial statements. Accordingly, no amounts have been provided in the accompanying consolidated financial statements for such potential claims.

The Organization may be involved in legal actions arising in the ordinary course of its business. It is the opinion of management that such actions will be resolved without material effect on the Organization's financial position.

NOTE 5 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The Organization held no financial instruments that were valued using Level 3 measurements as of June 30, 2023 and 2022. The Levels 1 and 2 of fair value hierarchy are as follows:

Level 1 Inputs: Valuation based on quoted prices in active markets for identical assets or liabilities that a reporting entity has the ability to access at the measurement date, and where

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

NOTE 5 - FAIR VALUE MEASUREMENT (CONTINUED)

transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 Inputs: Valuation based on inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, that is, markets in which there are few transactions, prices are not current, or prices vary substantially over time.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2023.

Mutual Funds: Valued at the net asset value of shares held by the Organization at year-end.

<u>Common Stock, Exchange-Traded Funds, and U.S. Government Securities</u>: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. All marketable securities are short-term in nature.

The following table sets forth by level, within the fair value hierarchy, the Company's securities at fair value as of June 30, 2023:

					Te	otal		
	I	Level 1	I	Level 2	Le	vel 3	In	vestment

Common Stocks		278,441						278,441
Total	\$	283,088	\$	71,536	\$		\$	354,624

The total cost of the securities listed in the above fair value hierarchy is \$228,219. For the year ended June 30, 2023, the Organization reported \$48,777 in unrealized gains.

The following table sets forth by level, within the fair value hierarchy, the Company's securities at fair value as of June 30, 2022:

The risk of participating in these multiemployer plans is different from single-employer plans in the following aspects:

- a) Assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers.
- b) If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- c) If the Organization chooses to stop participating in some of its multiemployer plans, the Organization may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

NOTE 15 - EMPLOYEE BENEFIT PLANS (CONTINUED)

The Organization's participation in this plan for the fiscal year ended June 30, 2023 and 2022 is outlined in the table below. The "EIN/Pension Plan number" column provides the Employer Identification Number (EIN) and the three-digit plan number, if applicable. The zone status is based on information that the Organization received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65 percent funded, plans in the yellow zone are less than 80 percent funded. A plan is in the green zone if it has a current funded percentage greater than 80 percent. Unless otherwise noted, the most recent PPA zone status available in 2023 and 2022 is for the plan's year-end at June 30, 2022 and 2021, respectively. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented. The last column lists the expiration dates(s) of the collective bargaining agreements(s) to which the plans are subject. The period-to-period comparability fluctuates based
